Letter No D3-1060/28-29 dated the 24th January 1930, from the Director of Industries and Commerce in Mysore, to the Chief Engineer of Mysore, Bangalore

---

BOREWELL AT DODDABALLAPUR

With reference to your letter No 8476 dated 11th January 1930, I have the honor to inform you that the bore hole has been sunk to a depth of 150' and tested with power pump The result was very poor and the Municipality was advised to have the well further drilled to 200' and then blasted

The work is going on now and I shall let you know the results when the final test is conducted

SIR

Subject - Water Supply to Doddaballapur Town

7/5 pwsec,

Adverting to your U C No 4819 dated 2nd May 1928, regarding the above, I have the honour to inform you that it is reported by the Director of Industries and Commerce that a bore-well of 15'-6" has been sunk in connection with the scheme, and that the indications of water in it are good Arrangements have also been made to have the water supply in the bore-hole tested and the results -- will be intimated in due course
